EDUCATION

Full Stack Web Development & Computer Science
Lambda School | Remote ⬈

12/2019 – 09/2020

Lambda School is a 9+ month computer science & software engineering program that provides an immersive hands-on curriculum with a focus on computer science, and Full Stack Web Development.

- We approach all coding challenges using pair programming.
- We design original user experiences across a range of web and mobile platforms.
- We gain hands-on experience with client and server testing.
- We utilize agile software development and Git workflow on all projects.
- We write production-ready code using ReactJS, Redux, and CSS on the frontend and NodeJS and Express on the backend to build single-page applications.
- We complete all curriculum course work including React, Redux, Node, Express, MongoDB, Jest, Python, Django, etc.
